Terminate Romex Wire

**A cap for everything!** The Little Red Cap is an award winning design for capping tubes of caulk, wood glue, sealant, paint, or anything else on your shop shelf that needs to be sealed and reused after it's opened. Little Red Cap also makes a perfect Romex wire termination, air tool inlet, and felt pen cap. The possibilities are limitless. Little Red Cap is available in 10 to 16 or 25 to 35 cap packages to provide a convenient solution for all your replacement or temporary cap requirements.
